

## SEVERAL LIVES ARE LOST WHEN BOATS COLLIDE

### Many Passengers Are Taken From Strick- en Steamer

**BULLETIN**  
NEW YORK, July 21.—At 2:15 a. m., word was received by the Independent Wireless Telegraph company that the Boston had been taken in tow by the Steamship Commonwealth of the Fall River Line but the probable destination was not given in the report.

Newport, R. I., July 22.—The loss of four passengers in a collision early today (Tuesday) between the passenger liner Boston of the Eastern Steamship's Boston-New York service and the Priscilla, a Fall River Line passenger boat, two and one-half miles southeast of Point Judith early today was reported in radio-grams.

It was stated that all the other passengers who may number from 100 to 900 were off the stricken steamer. The Boston was without lights, without steam and unable to use her signal whistle.

Altho the first messages said that the Priscilla, a Fall River Line, was involved, later messages established the identity of the vessel that rammed the Boston as the Swift Arrow, a tanker, bound for San Francisco from Fall River, Mass. It was stated that the Boston was leaking badly, and that the Swift Arrow was standing by whistling for help.

**Tugs to Rescue**  
The naval tugs, Teal, Rail and Bobolink were sent out from here and the coast guard cutter, Acushnet was sent from a station in waters nearby.

Radio messages between the Boston which came sharp and clear, indicated that there were still some persons in small boats near by.

"The careful of the small boats on the star board side," was one warning, followed by the word "our condition fair."

A moment later the Priscilla asked: "Shall we send over boat at once?" The answer came back: "Yes," but whether this indicated that the captain and radio officer of the Boston would leave their ship was not clear. The steamer A. C. Smith then sent along the advice that "reports of death are unreliable."

With Captain Call on this trip was Port Captain Charles T. Snow, commodore of the Eastern Steamship fleet.

Messages as picked up along the coast indicated that the four passengers killed lost their lives in the crash.

**Boat Well Loaded**  
Efforts to learn from Eastern Steamship company of Boston the number of passengers carried when the Boston left that port last night were unsuccessful. It was said only that she has been running close to her capacity of about 1,000 persons and carried a crew of 180 men. There was no information available here as to where the survivors would be landed.

The Boston is a new twin screw steamer on the Boston-New York service, alternating trips with her new sister ship, the New York.

Her course took her thru the Cape Cod Canal in the early evening thence down Buzzards Bay into Narragansett Bay and Block Island Sound.

## DAVIS ANNOUNCES HIMSELF ENTIRELY FIT FOR THE FRAY

### Is Now Hard at Work on His Acceptance Message

**DARK HARBOR, ISLEBORO, Me., July 21.**—(AP)—Declaring himself fit to whip his weight in wildcats, if need be, John W. Davis, Democratic presidential nominee, got back to work today thinking out phrases of his acceptance address and attending to an accumulated pile of correspondence.

After a morning in his temporary workshop in Charles Dana Gibson's studio on Seven Hundred Acre Island, Mr. Davis called it a day and with Mrs. Davis came over to Isleboro to have lunch with Mr. and Mrs. Frank L. Polk at their summer home, Frank B. Noyes of Washington, D. C., president of the The Associated Press and Mrs. Noyes who arrived here today in their yacht, also were luncheon guests of Mr. and Mrs. Polk.

"Have you read the Democratic platform?" Mr. Davis was asked at his daily conference with newspaper correspondents.

"I have," he replied with a smile. "I won't be misquoted on that."

**Has Read Platforms**  
The nominee added that he also had read the Republican and LaFollette platforms, but explained that he was not prepared to take a civil service examination on either matter.

Without having fully mapped out his acceptance address Mr. Davis has in mind now to make a forty minute speech at Clarkburg, W. Va., on August 11, in reply to the formal address of notification which is to be made by Senator Thomas J. Walsh of Montana, permanent chairman of the New York convention.

Since his arrival at the Gibson home, Mrs. Davis has had no word from his campaign manager, Glen L. Shaver, of West Virginia, who is setting up the working organization in conference with other Democratic leaders. He expects however to hear from him within a few days as to the progress that has been made since he left New York last Friday evening.

## GOVERNMENT STARTS REGAIN CONTROL OF NAVAL OIL RESERVE

### Is Now In Hands of Pan American Oil Interests

**LOS ANGELES, Cal., July 21.**—(AP)—Hearing of the suit of the United States government to regain control of the Elk Hills naval oil reserve from the Pan-American Oil interests was set by Judge J. J. McCormick today to begin in Federal Court here October 20.

The date fixed was later than September 2, which was suggested by Atlee Pomeroy, former United States senator from Ohio and now special counsel for the government and earlier than that requested by Frank J. Hogan for the defense counsel. Hogan sought a postponement of the thirty days after the trial of Edward L. Doheny, Edward L. Doheny, Jr., and Albert B. Fall, former secretary of the interior on criminal indictments in the District of Columbia. The criminal case is set for October 7, Hogan said.

Pomeroy contended that an early trial was necessary to protect the governments interests and charged that the reserve was illegally leased to the Pan-American interests.

Hogan declared that if the civil case were heard first testimony given by the three accused men would be used against them in the criminal action in the District of Columbia.

## PLEA OF GUILTY ENTERED BY THE FRANKS SLAYERS

### Move Comes as Great Surprise to the Prosecution

**CHICAGO, July 21.** (AP)—The fate of Richard Loeb and Nathan P. Leopold, Jr., kidnapers and slayers of 13 year old Robert Franks, was today placed in the hands of one man—John R. Caverly, chief justice of the criminal court of Cook county—when they pleaded guilty.

Apparently the only question remaining to be decided is whether they shall hang or be imprisoned for a double crime without parallel in this jurisdiction.

Robert E. Crowe, state's attorney reiterated his intention of asking the death penalty for the two college students.

Clarence S. Darrow and Benjamin Bacharach, attorneys for the defense, announced in court their purpose to see their clients "safely incarcerated for life."

"We have had no intention of trying to restore them to society," explained Mr. Darrow.

Thus he answered a question which had been widely discussed since the killing whether the combined wealth of two of the oldest and richest families of Chicago, estimated to have resources of more than \$10,000,000 would be used to try to set their two minor sons free.

### Action a Surprise

The unexpected denouncement stunned a court room crowd of attorneys, newspapermen, court attachés and a few privileged spectators and upset all plans for the trial which had been scheduled to begin August 4.

Instead, starting Wednesday there will be a judicial hearing before an empty jury box.

That the defense was content to await the development from this hearing was emphasized by the sphinx-like silence that was maintained by all concerned with the defendants. The boys themselves, their parents, special counsel of the families and the active defense attorneys all declined to discuss the proceedings. The prosecution was a bit more communicative.

"The plea of guilty admits the sanity of the defendants," said Mr. Crowe tonight. "The question of insanity is entirely out of the case now. All the defense can offer at the hearing is evidence tending to mitigate the punishment. Whether they can establish that remains to be seen."

### The Extreme Penalty

"I am going to ask the death penalty in the interest of society. I have about 75 witnesses and will present all the facts in the possession of the state so that the court may be fully advised as to the exact nature of the crime. It will take from 10 days to two weeks to do this."

In their statements to the court today, the defense attorneys acknowledged the correctness of the facts in the case "substantially as published in the newspapers."

By this they admitted formally that their clients on May 21, entered Robert Franks into a rented automobile, stunned him with a blow from a tape-wound chisel and strangled him to death. They thus admitted too that the body was conveyed to a lonely spot across the Indiana line and there stuffed, nude, into a small culvert under a railroad track. They formally acknowledged that the two young men destroyed the clothing of their victim, posted a letter demanding \$10,000 ransom from the boy's father and tossed into a park lagoon the typewriter on which the missive was written. The defense offered to submit the case on a statement of facts by the state's attorney, Mr. Crowe, declined to agree. They also asked that alienists employed by state and defense confer and "iron out differences," but again the prosecutor objected.

## SOLUTION IS NEAR IN MURDER MYSTERY

**NEW YORK, July 21.**—Staten Island police convinced that they are nearing a solution of the murder of eight year old Francis McDonnell of Port Richmond, tonight questioned Milton Ware, a vagrant who is said by the police to have confessed the crime in a Newark, N. J., police station, last night. He later repudiated the confession police said.

Ware, a native of Greensboro, N. C., was taken to St. George, Staten Island, tonight after arraignment in Newark on a charge of assaulting a boy.

The authorities also are checking the alibi offered by Ashillo E. Esposito, who was held without bail today on an affidavit charging him today on an affidavit charging homicide. He has been identified by Albert McDonnell, five, brother of the slain boy as the man who followed Francis into the woods last Monday, the day of the murder.

## RIGHTEOUSNESS NAMED AS CURE FOR MANY EXISTING EVILS

**COLUMBUS, O., July 21.** (AP)—Prohibition was assailed as "a scheme of the devil, himself," and a wrong influence upon our country, by Judge J. F. Rutherford, president of the International Bible Students association here today.

"It is impossible to reform men of any evil by mere legislation," Judge Rutherford, who is attacking the international convention of the association declared, adding that it is "only by an appeal to reason and the teaching of righteousness, that the desire of alcoholic drink may be overcome."

"I am not in favor of the use of liquor," he said, "but I believe that man should have the liberty which Jehovah endowed him. I do not believe in men getting drunk but in my business to tell them that they can't have liquor. When they become endowed with the spirit of righteousness they will not care for it."

While he said that he believed prohibition had not been effective and "we see more drunken men now than ever before due to the effects of bad liquor," Judge Rutherford predicted that eventually enforcement laws will be effective due to the disappearance of the desire for alcoholic beverages.

**Thousands Attend**  
More than 15,000 persons attending the convention of the association continued their studies

of the bible and discussions of the doctrinal beliefs. These include the conviction that the dawn of the millennium will come within the lifetime of the present generation—perhaps within the next twenty or twenty five years.

Elaborating on the slogan of the organization—"Millions that now live, will never die," speakers today declared that with the coming of the new era, righteousness will be universal, death will cease and happiness will prevail through the world. The change will be a gradual one, it was said and had its inception with the beginning of the world war in 1914, when it became apparent that the scriptural prediction of an era of nations going to war and the prevalence of revolution, pestilence and death was being fulfilled.

Present chaotic world conditions are due to the fact that "the devil still reigns supreme," delegates were told. All evil now existing may be attributed to the machinations of Satan and evil will cease when the "reign of righteousness" is substituted. It was said. Teachings of various sects that there is no savior were assailed as untenable.

Speakers tonight took advantage of radio as a means of broadcasting their teachings, a speaker having been assigned to a local station each night until the closing of the convention on Saturday.

## WHEELER'S NAME ON LAFOLLETTE TICKET NOT CAUSING WORRY

**Brennan Expresses Himself As Being "Ticked To Death"**

**CHICAGO, July 21.** (AP)—The addition of the name of Burton K. Wheeler of Montana to the LaFollette ticket "does not worry Democrat," George E. Brennan, Illinois National committee man said today in commenting upon the Wheeler acceptance.

"Nobody knows anything about him except that he was infected in Montana by some thing or other," Brennan said in reference to Senator Wheeler's nomination for the vice presidency.

Mr. Brennan expressed himself as "ticked to death" with the result of the Washington gathering of the third ticket.

The meeting enhanced the chances of a Democratic national victory he believed.

Ralph A. Corbridge left last night for Chicago, where he has accepted a position in the radio department of Sears, Roebuck & Co.

## INDEPENDENTS BUSY LOOKING FOR MANAGERS

### Headquarters for The Present Will Be In Washington

**WASHINGTON, July 21.**—(AP)—Senator LaFollette of Wisconsin, independent presidential candidate and his running mate, Senator Wheeler of Montana, devoted their energies today mainly to the task of selecting five members of the committee which will have charge of their campaign. Five other members are to be chosen by officials of the conference for progressive political action while Representative Nelson of Wisconsin, will be committee chairman.

Complete personnel of the committee had not been determined tonight but it was said the membership probably would be announced tomorrow. A meeting of the committee will be held here as soon as possible, perhaps late this week as those who have thus far been organizing the campaign are of the opinion that little real progress can be made until it begins to function.

The committee will have complete charge of the campaign. It will map out strategy in consultation with Senators LaFollette and Wheeler; will have the last word to say on the financing of the campaign from the standpoint of both contributions and expenditures; will make arrangements for placing the LaFollette-Wheeler ticket on the ballot in the various states and will determine what state organizations seeking recognition should be recognized and what local candidates seeking endorsement should be endorsed.

### Important Functions

One of its important functions will be to canvass the field congressional candidates with a view to determining who should be supported, and to decide under what name the ticket is to be placed on ballots in each state.

The committee is to be made up of representatives of the two candidates and of the conference in an effort to co-ordinate campaign activities. Its headquarters, for the present at least, probably will be in Washington, altho later its base may be moved to Chicago where Mr. Nelson maintains headquarters.

### Can't Pay His Fine Because Of The Revenue Attachment

**CHICAGO, July 21.** (AP)—Lawrence J. "Butch" Crowley once described as the "wealthy beer king of Joliet, Ill." and reputed to have placed solid gold door knobs on a pretentious residence he erected there for himself, "is hard up" he told agents of the special intelligence unit today. He is serving a sentence in the Bridewell for attempting to bribe Bruce Armstrong, federal prohibition agent.

"The government," he continued, "broke me with court costs, destroyed my brewery and deprived me of my liberty. Now they have fined me \$10,000 and can't pay it so they have issued an attachment against me."

The government he declared is keeping four \$1,000 bills he issued to bribe Armstrong. He claims Armstrong did not earn the money because he failed to refrain from interfering with the brewery.

### Fate Of Dawes Plan Is Up To Financiers

**LONDON, July 21.**—(AP)—Upon the reception which world financiers accord the report of the committee of defaults and sanctions, for the first time officially published tonight, will depend further developments in the international conference which is seeking to launch the Dawes plan to solve the problem of German reparations.

This was the view expressed by careful observers after it was learned that the financial delegates to the conference had a prolonged meeting today with Sir Monagu Norman, Governor of the Bank of England and Thomas Lamont, representing the firm of J. P. Morgan & Co. of New York.

Meanwhile the atmosphere about the conference continues one of hopeful anxiety. There are no grounds for pessimism, but clearly the note of optimism in order to carry weight now must come from the financiers who are to advance a loan of 10,000,000 pounds sterling to Germany with which to finance the Dawes plan.

As the committee report was available to bankers sets forth safeguards to surround the loan the bankers themselves must be the judges of their sufficiency.

## MILWAUKEE SCENE OF VIOLENT STORM ON MONDAY NIGHT

### Storms Reported From Several Other Wisconsin Points

**MILWAUKEE, Wis., July 21.** (AP)—Milwaukee was deluged by a severe electric and rain-storm tonight and while no serious damage was recorded hundreds suffered ruined clothing and were forced to run for protection.

The storm reached the proportions of a small cloud-burst. Avenues were torn from their fastenings, streets were flooded and torrents roared in the gutters of the east and north sides. One man was prostrated by the heat.

Severe storms were reported at Evansville, Wis., and Beloit. In Evansville, early today crops were damaged by the high wind and terrific downpour of rain. Shade trees were ruined and outbuildings were wrecked.

Two hundred telephone wires were put out of commission in Beloit. Trees were uprooted and poles carrying electric light feed wires were knocked down. The electric lighting system was crippled twenty four hours.

### Cedar Rapids Hit

A heavy rainstorm accompanied by a high wind did considerable damage here late today, the rain falling in torrents, for 45 minutes and flooding sewers, basements and streets. The wind broke large limbs from trees and drove them several inches into the ground. It is feared corn suffered much damage from the storm. No one was reported injured.

### Storms in Iowa

Dubuque, Iowa, July 21.—Extensive crop damage was caused in half a dozen northeastern Iowa counties late today by a heavy rain and high wind. All small streams were out of their banks tonight, communication lines were crippled and hundreds of trees were uprooted.

Reports reaching here said parts of Wisconsin and Northern Illinois also were swept by the storm.

At Cedar Falls the rainfall within the past 24 hours most of which came late this afternoon measures 3.87 inches.

### PERSIA IS ACTING IN IMBRIE MURDER

**WASHINGTON, July 21.**—(AP)—Prompt action by the Persian government in punishing those responsible for the murder of American vice-consul Robert Imbrie and the serious injury of Melvin Seymour, also an American at Teheran, was indicated today in dispatches from Joseph S. Kornfeld, American minister to Persia.

The dispatch said that Khosro Zadeh, a leading religious dignitary and 200 others suspected of participating in the attack had been arrested.

"The entire press," it added, "is filled with denunciations of the murder at a time when the cordial relations between Persia and the United States were unrivalled."

### Scope of Campaign

Some indications were given today that the president might make more speeches than originally had been planned, possibly eight or ten in rather widely separated cities but it was declared flatly that no final decision had been reached as to the number and not even tentative decision as to the cities.

"I am almost ready to make one prediction, namely, that the November election of this year will show a larger total participation than any election we have ever had. I anticipate that not less than 20,000,000 of men and women will vote. The signs to be in the air and I have every expectation that President Coolidge will gain by this increased total."

As the committee report was available to bankers sets forth safeguards to surround the loan the bankers themselves must be the judges of their sufficiency.

The momentous issues at stake—since it is admitted on all sides that the Dawes report must stand or fall on the part of prospective underwriters.

The text of the report of the committee on defaults and sanctions confirms the gist of the provisions already arrived in the dispatches. It provided that the reparations mission enlarge to include an American member shall be the sole judge as to whether Germany has made a default under the Dawes plan. This report which it is proposed to incorporate into a protocol, further provides that in any contingency, including both default and resultant sanctions, the holders of the proposed German loan shall have a priority claim on all of Germany's state assets. Provision is made that the American member of the reparations commission shall be appointed by that commission within thirty days after adoption of the protocol.

In the event of the reparations commission not being unanimous," says the text, "the appointment shall be made by the president for the time being of the permanent court of international justice at The Hague."

## America's Position Outlined By Hughes

**LONDON, July 21.**—(AP)—Charles Evan Hughes, the American secretary of state, whom the Prince of Wales referred to as visiting England "incognito" delivered an eloquent and forceful speech as president of the American Bar association at the Pilgrims' Dinner tonight interpreting American ideals and explaining convincingly the part the United States could be expected to take in European affairs.

The dominant note of the secretary's address was that America's devotion to the cause of peace could be counted upon as well as America's purpose to cooperate with Great Britain and others in every way congenial with American institutions in the interest of the peace.

For the economic rehabilitation of Europe dependence could be put on American assistance.

"And," added the secretary, "it does not matter that this aid is not given by the government."

He lay stress on the Dawes plan and the participation of American experts with the liberty and constructive effort and declared:

"We believe that the Dawes plan opens the path of confidence and prosperity. For that reason we are deeply interested in its prompt execution."

Mr. Hughes explained that any attempt to make America's contribution a governmental matter would have meant hopeless debate and an adequate action. The dominant sentiment in the United States he was sure was absolutely opposed to commitments which would promise action by congress in unknown contingencies.

The American secretary of state spoke before one of the most distinguished gatherings of men prominent in the public life of England and America that has ever assembled in London and his words were enthusiastically heard by 400 members of the Pilgrims and their guests. Remarkable tributes to Mr. Hughes were paid by the Duke of Connaught, who presided, and the Earl of Balfour, who said that the secretary had provided a new understanding between Great Britain and the country across the Atlantic, its people and government.

## A THOUGHT

Blessed are the peacemakers, for they shall be called the children of God.—Matt. 5:9.

Peace is the highest form of happiness.—W. E. Channing.

## MADE IN AMERICA

The National Retail Dry Goods Association would like to see less competition based on imported goods. It believes Americans should have enough pride in their own manufacturers not to prefer imported articles merely because they are imported. We are not a "monstrous race," he suggests, and therefore he doesn't see any good reason for mongrel merchandising.

There is a reason for many kinds of imported goods. It is found not so much in their cheapness—the tariff generally takes care of that. If nothing else does, it is the fact that many kinds of foreign products are different from anything produced in this

country, and so have the attraction of novelty.

Foreign goods, however, are said not to constitute more than 10 per cent of the merchandise sold in American stores. And if that is so, it plays an unduly large part in American trade, perhaps because merchants, themselves, are so often seen to have undue reverence for the magic word "imported." The public would be disposed to regard the imported article as necessarily superior to the domestic if such an idea were less encouraged in the press.

## WOMEN AND PARTIES

The National Woman's Party expects to take a prominent part in the campaign this year. Its motto is "Women for Congress."

There should be women in Congress—matters not to us whether they are Republicans, Democrats, Farmer-Labor or Independent—who will work from the inside to further the interests of women and to express women's point of view. We shall decide which candidates to support and launch a campaign to insure their election.

There ought to be women in Congress, giving better representation to the things that intelligent women citizens particularly

## Bessie Love in Gentle Julia

A thirteen-year-old niece, by reason of her volubility, is usually rather a nuisance to a pretty and popular young aunt. But sometimes, the youngster comes in handy. One of these rare occasions is when three young gentlemen insist upon accompanying Auntie on her walk.

Julia Atwater was the prettiest girl in town, and the most pursued. Julia forgot she had promised to go walking with Newland Sanders and made an engagement with Mr. Ridgeway. Mr. Sanders and Mr. Ridgeway were far from friendly. It was necessary to exercise quite a bit of tact when the two gentlemen put in an appearance but Gentle Julia managed it nicely.

The exploits of these funny youngsters are screamingly depicted.

## Keep The Cars Rnning To Nichols Park

Because of some differences of opinion between the officers of the village of South Jacksonville and the Illinois Power & Light Corporation, both have joined in a petition to the Illinois Commerce Commission, asking that the tracks of the street railway in South Jacksonville be removed. It is very much to be hoped that the commerce commission will not enter this order, and certainly it will not be entered if the commission looks into the situation and considers the interests of the public.

As a matter of fact, people residing in Jacksonville who do not have means of transportation other than that afforded by the street railway are more interested in this matter than are the people of South Jacksonville. The operation of the railway may or may not pay on the investment; it may be that the building of a pavement in South Jacksonville, part of the cost of which the railway company is asked to pay, will not in any way benefit the company or increase the patronage of the road; it may be that a majority of the residents of the village of South Jacksonville will not care if the tracks come up. However, none of these questions are

of great importance in considering the question as to the removal of the tracks.

If the order were carried out and the tracks removed, there would be a transportation gap of more than a mile between Jacksonville and Nichols Park. Though the principal playground, thousands of people visit the park during the week and a great many of them are dependent upon street car service for transportation.

Even if a bus line service were established from the terminus of the street railway and the city limits and running to the park, this service could be only partially satisfactory. The patronage at certain times of the day would not be at all sufficient to pay the cost of bus line operation, and at other times the amount of business would be greater than could be cared for by busses unless an investment were made of an amount entirely impracticable.

The differences between the village of South Jacksonville and the Illinois Power & Light Corporation should be amicably adjusted. At any rate those differences should not be allowed to become any order of the Illinois Commerce Commission to damage the interests of the people of Jacksonville.

## DODGING THE TAX MAN

BY ALBERT APPLE

Fifty-five billion dollars of wealth escapes the tax collectors in America. That is enough to make 55,000 millionaires. So reports National Industrial Conference Board after an extensive checkup. This board is the most scientific and thorough statistics-gathering outfit. Its figures are used widely in settling labor-capital disputes.

The board is a conservative organization. And its figures are conservative, as usual.

It doesn't take into account the billions of dollars that evade taxation by the help of crafty tax-dodging lawyers and bookkeepers—experts in finding loopholes.

Out of this total of 55,000 million dollars that escapes taxes 34,000 millions represents Liberty Bonds and other tax-exempt securities issued by the national, state and local government.

Rich and poor have the privilege of participating in this branch of tax exemption. The joker is that these tax-free securities gradually drift into the hands of banks and rich individuals and corporations.

And stay there.

The board's other figures should be considered by every reader, to clear up a lot of confused ideas.

For instance among tax-exempt property are these:

One thousand millions in "foundations."

One thousand five hundred millions in college, hospital, charitable and church endowments.

The rest consists mainly of tax-exempt "real property"—land and buildings owned by government, churches, cemeteries, institutions, etc.

Bringing it down to a nutshell: Tax-exempt wealth is a sixth of our national wealth and equal roughly to a third of all property assessed under the general property tax.

As civilizations get older, the tendency is for taxes to be shifted increasingly (directly and indirectly) to the poor and to people of moderate means. The rich progressively escape. They have the money to find or create avenues of escape.

A motor operated by waves and tides is far enough developed in the Bulgarian engineer, Vodenicharov, that his government is financing his further work. It's too complicated to explain or read about in warm weather.

But it's a forerunner of future devices that will generate millions of horsepower to free man from the slavery of toil. Going to waste in falling water is an enormous amount of power, and in sunlight an enormous amount of fuel.

Our greatest natural resources are falling water, winds, sunlight and electricity. Later we'll make them. A small start has been made, very small.

Wealth

The old saying, "Shirtsleeves to shirtsleeves in three generations," is about ready for the ash heap. Tendency increases to put big estates "in trust" so heirs can't squander them.

Take the estate left by the late J. Pierpont Morgan. He created trust funds of about 10 million dollars. An accounting in court shows that these funds have yielded almost five millions in seven and a half years. And the principal remains intact.

The basic purpose of the inheritance tax is to break up huge fortunes. This purpose will be frustrated until "trust funds" are taken into account. A trust fund is a scientific method of perpetuating wealth.

However, sugar and liquor are Siamese twins. And the desire for them is more mental than physical. If there is any mental or emotional stimulation in vegetables, it has yet to be found. People stimulate their pancreatic gland by sugar or alcohol to get mental exhilaration rather than physical.

**Paper**

In the year 1939 Canada will furnish four-fifths of the newsprint paper used by American newspapers. So estimates Lord Rothermere, the foremost British publisher. Canada already supplies half of our newsprint.

This would be a dangerous near monopoly in the hands of any but the most friendliest of neighbors. A monopoly in newsprint would be more powerful than almost any form of political power—if it weren't that the thing that counts is the message the ink carries, rather than the paper itself.

The Declaration of Independence would fill only part of a newspaper column. But look at its power. Message, not space, is what counts. Your newspapers are going to get smaller as the years slip by.

## GAS LEASES RESULT IN COURT CASE

C. C. Pease Claims to Have Been Debauched of Rights in Field Northeast of City

A bill of equity was filed in the office of Circuit Clerk Wamamaker Monday, in which C. C. Pease is the complainant and the Illinois-Kansas Oil & Gas Co., P. C. Irwin, E. G. Fye, H. H. Culmer, et al., are the defendants.

The complainant is represented by Bellati, Bellati & Moriarty and A. L. McCawley as attorneys. The complaint, which is in pamphlet form of 26 pages, recites in detail various matters relating to the gas field northeast of Jacksonville, in which Mr. Irwin with Mr. Pease as his associate and geologist were the original operators.

The complainant maintains that he originally had a half-interest in the leases and wells but that through various actions of some of the defendants named that he has been defrauded.

It is maintained by the complainant that he met E. G. Fye, who represented himself as financially able to handle the properties, but suggested the formation of the Illinois-Kansas Oil & Gas Co., and the issuance of stock to the amount of \$300,000. It is set forth that various fraudulent representations were made at that time made to the complainant, through which he released his right to Messrs. Irwin and Fye as trustees. Later it is claimed plans of selling the stocks of the company were abandoned and that Mr. Fye with others proposed a plan to sell the property and in fact entered into a contract for the sale to H. H. Culmer and his associates in the sum of \$150,000.

The bill sets forth that it was the original plan that \$50,000 of this amount should be paid in cash and the remaining \$100,000 in pipe line certificates, the said certificates to be paid by selling the sum of 15 cents per thousand cubic feet of natural gas. However, the complainant says that the cash consideration was never paid and that instead certain promissory notes of William Fetter were given to the same amount, purporting to be secured by mortgage on certain property in Chicago.

The complainant alleges that the defendants received the promissory notes for \$50,000 together with the pipe line certificates to the amount of \$100,000 and that he has received nothing. In view of the facts alleged, he asks that the defendants be required to appear at the next term of court, that the declaration of trust made Dec. 15, 1923, be declared null and void, that the same order apply to the agreement made between Messrs. Irwin, Fye and Culmer, and further that the pipe line certificates be declared void.

Mr. Pease asks that a court order be entered showing that he has an undivided one-half interest in all the properties except that of T. C. Travis, Norman Lawrence and Joseph Cox, and that a further order be entered showing that the other half interest is the property of P. C. Irwin, subject to the interests of Messrs. Lawrence, Travis and Cox.

At 10:15 the pastor used as a topic "The Will for the Deed." The sermon was one of unusual power and was followed very attentively by the splendid audience.

At 6:30 the Senior League met in regular session. On the lawn at 7:30 a large crowd assembled for the evening service, Rev. Marbach being the preacher of the evening.

Tuesday afternoon the members of the school and church will indulge in an old-fashioned picnic in Amos Swain's timber near Sinclair. Members are asked to assemble at the church at two o'clock where trucks and cars will be waiting to convey the company to the picnic grounds. All members of the church who will use their cars for the purpose of hauling picnickers will be sure to be at the church not later than two o'clock.

Prayer service as usual Wednesday evening.

In the absence of the pastor next Sunday McKendree Blair will occupy the pulpit.

**CARD OF THANKS**  
I desire to express my thanks for the kind and sympathetic assistance rendered by my friends during the sickness, the passing away and the funeral of my sister, and especially those who were with her in her last moments and rendered such excellent service. And also those who furnished the sweet music, and those who sent the beautiful flowers, and also those who furnished cars.

### PESKY BED-BUGS

Bedbugs lay an average of seven eggs per day. Under favorable conditions they hatch in five days of which two thirds are females. They mature to adult size and are capable of laying in few weeks. How many bedbugs would you have in a year if you left one female or egg unmolested for one year?

To rid the pesky bedbugs, you really see how necessary it is to use a preparation that will kill the eggs as well as the live ones. P. D. Q. has been demonstrated by the leading Hospitals, Hotels and Railroad Companies that the safest and most economical way to stop future generations of bedbugs, roaches, moths and ants is to use ARMSTRONG'S DRUG STORES

## PLEA OF GUILTY ENTERED BY THE FRANKS SLAYERS

(Continued from Page 1)

"There could be no object in such a proceeding unless these boys were pleading both insane and guilty," he said, "but if they are pleading insanity, the state wishes a hearing on that question before a jury."

The defense explained that their only object was to prevent the case from becoming a "vaudeville show," but Judge Caverly held that he had no power under Illinois law to order such a conference.

Jacob Franks, father of the victim was outspoken in his denunciation of this phase of the case.

"This talk about insanity is nonsense," he said, "if there ever was a case deserving the death penalty, this is one. There is some satisfaction of course, in their pleas of guilty, as that will save much time."

The prospect of a death sentence even after they had been warned of its possibility by Judge Caverly, did not noticeably tense Loeb and Leopold. They went back to their cells laughing and talking eagerly and speculating about the size of the headlines their sudden change of front would inspire. They scorned a suggestion that they had been nervous at the hearing, but admitted they were glad "the first day was over."

Defendants Curious "Was Attorney Darrow's move to plead guilty a surprise to you?" they were asked.

"We're not allowed to say," said Leopold, quickly. "Ask us about anything else but ourselves."

They did more questioning than the reporters. They were curious about arrangements of the court room and asked how large a crowd waited outside the building. Any information that fed their ego they listened to eagerly.

"I'll bet we're all over the front page," commented Loeb.

"There certainly was a commotion when Mr. Darrow moved to plead guilty," he added.

"Better not talk any more about that," cautioned the conservative Leopold. "Let's talk about something else."

But Loeb persisted. "What is it the judge says when it is all over?" he asked.

"The court finds you guilty," "Shut up," ordered Leopold.

And both of them, perhaps recalling that the time when it would be "all over" and the judge would pronounce sentence was not far away did so.

Sheriff Hoffman announced that extra precautions would be taken to prevent the youthful slayers from committing suicide.

"I do not know that they will make any attempt," he said, "but with their plea of guilty in and the possibility that they may be sentenced to death staring them in the face they might try it."

Extra guards will be stationed at the cells night and day to watch them and a careful inspection will be made of all their food to see that it is not poisoned.

WANT CANDIDATE TO OPPOSE BROOKHEART

DES MOINES, Iowa, July 21. (AP)—An independent candidate for United States senator, but one selected from the ranks of "regular" Republicans, may go before the voters of Iowa, in opposition to Senator Smith W. Brookhart. This was the statement tonight of a prominent Republican here for the party's state convention tomorrow.

A conference on the desirability of having out an independent senatorial candidate was held tonight behind carefully guarded doors.

Mr. and Mrs. H. L. Jackson were host and hostess at an enjoyable birthday dinner given by them at their home southeast of Arnold, in honor of Misses Helen May Jackson, Mildred Oddie, Laura Clayton and Messrs. Charles and Leroy Jackson, and Percival Oddie. The house was decorated with beautiful summer flowers from the garden of Mrs. C. D. Jackson.

When the beautiful birthday cake made by Mrs. William Foster, was cut there was a lot of fun and excitement. The piece with the key going to Master Frank Clayton, the thimble to Mrs. C. D. Jackson, the needle to George Clayton and the dime to Mrs. Foster.

Among those present were Mr. and Mrs. Newham Oddie and family; Mr. and Mrs. Walter Oddie and family; Mr. and Mrs. George Clayton and family; Mr. and Mrs. G. W. Foster, Mr. and Mrs. C. D. Jackson, Mr. and Mrs. W. T. Jackson and family and Thomas Montague.

### Loyal Women in Pleasant Social

The Loyal Women's Class of Central Christian church held a pleasant social last evening at the home of Mrs. Owen Magill on South Main street. About forty members were present. The advertising contest was won by Mrs. Edgar Stout and Mrs. Harry Hutchins.

Assistant hostesses were Mrs. Len Magill, Mrs. W. J. Roberts, Mrs. Clarence Large, Mrs. Lois Andrews, Mrs. Walter Brown and Mrs. Louise Biggs. At the close of the evening's entertainment the hostesses and her assistants served delightful refreshments.

### IN MEMORY OF CATHERINE PATTERSON

The following beautiful lines were written by Mrs. Charles Daniel of Murrayville, a life long friend of the family and a childhood playmate of the deceased:

She was not a queen of fashion,  
Or brilliant in music or art,  
But she possessed the rarest virtues,  
That come from a loving,  
Kindly heart.

She was not a great traveler;  
She had no tendency to roam;  
But she loved all that was beautiful,  
And she was a real queen in her home.

She was not versed in the classics,  
She was not rich in lands or gold,  
But was learned, and rich, in the Bible,  
And the beauty that its words unfold.

She hadn't seen the world in its sham  
And tinsel, its cheapness, and woe;  
She had all that is worth while,  
And knew all the best, there is to know.

She's left in memory's casket,  
The rarest jewels, one can find;  
Love, faith, charity, and sweet content,  
The art of loving, and being kind.

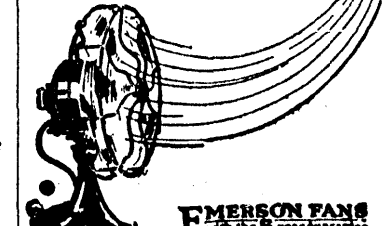

Miss Addie Young and Miss May Hicks of East St. Louis spent the week-end as guests of the latter's sister, Mrs. Frank L. Smith of this city.

### A HAPPY WOMAN

"I want to tell how much I do love Peterson's Ointment for the good it has done. My sore was on my left leg, was 4 1/2 inches by 2 1/4 inches wide—is all healed up beautifully now, and then too it was so soothing on such a raw sore. I can't say enough praise for the good it has done me. Very truly yours, Miss Kate Kull, Sigel, Ill."

## SEVERAL LIVES ARE LOST WHEN BOATS COLLIDE

(Continued from Page One)  
carried 900 persons and the traffic between Boston and New York at this season of the year is at its height. Calls were sent to a steamer referred to as the "C. A. Smith," apparently in the vicinity, to come up to the Boston's position, with the request that she whistle when she is approached.

This was accepted as an indication that conditions aboard were not serious at the moment. The collision apparently was due to fog, which was reported heavy along the Block Island Sound waters.

The messages gave no hint as to the identity of the other vessel involved in the collision. The coast guard cutter Acushnet detached herself from duty along rum row in Block Island Sound, and hastened to the Boston's aid. Word was received from the Boston navy yard giving the location of the Boston as two and one-half miles out.

It is at the turn of the thoroughfare by shipping between Buzzards Bay, Narragansett Bay and Block Island Sound.

### METHODISTS ATTEND UNION PARK SERVICE

Pleasant Gathering — Rev. Marbach Preaches on Grace Church Lawn in Evening.

The union service held by the churches of Zion, Merritt and Lynnville at the park Sunday, was attended by at least three hundred Methodists from these communities. The Sunday school which began at 10:30 o'clock in the morning, was in charge of Fred Schofield as superintendent.

Teachers were selected from the three schools, and classes were arranged according to age.

Rev. G. T. Wetzel, pastor of the three churches, delivered the morning sermon. Homer Wood led the congregational singing, and instrumental music was furnished by an orchestra of eight pieces, directed by Russell Harvey, formerly of Merritt.

The picnic dinner was served in the dining pavilion, and following this event, a musical program was given, consisting of vocal and instrumental numbers.

Rev. W. H. Marbach delivered the sermon Sunday evening at the union service of the city Protestant churches. He took for his text the question of Peter, "To whom shall we go?" He drew six mental pictures as illustrations that Christ is the only satisfying ideal that the people can find.

The services were in charge of Rev. F. M. Rule. Rev. W. E. Spoons offered prayer. Rev. H. B. Lewis read the scripture, and Rev. M. L. Pontius conducted the offertory. Homer Wood sang the solo, "I Believe It." The large audience was dismissed unexpectedly on account of the sudden shower which came up near the close of the service.

## FINE GOLF PLAYED BY CAPTAIN CARTER

CHICAGO, July 21.—Cracking par by three strokes, Captain E. E. Carter of Plossmoor Country Club, Chicago, formerly Irish champion today led a fast field of 151 golfers in the first 18 holes of the qualifying round of the Western Amateur Golf championship by shooting the 6,207 yard links of the Hillsdale golf club in 34-59. Four players were tied for second place at 70 and there were three 72s and two scores of 73. Sixty-two players scored under 80 and 30 and 76 or better, indicating that a score of 153 likely would be the highest that will entitle a player after tomorrow's 18 hole medal round to enter match play.

## TWELVE GOLFERS TURN IN SCORES

Twelve scores were turned in Sunday in the flag and tomahawk golf tournament now in progress on the municipal links at Nichols park. In spite of the fact that Sunday was a busy day on the course, only 225 rounds were played. The best score turned in was 41, made by Harrison King. This included a score of two on the fifth hole. To make this a real series, all entrants should play off their fifty-four holes this week. Fewer cards than usual were turned in Sunday, and the playing will have to live up to make the tournament interesting.

## THE JACKSONVILLE INDEES TURNED WHAT LOOKED LIKE DEFEAT FOR THEM SEVERAL TIMES, INTO VICTORY IN SUNDAY'S GAME WITH THE GRANITE CITY STEELS, WINNING BY THE CLOSE SCORE OF 10 TO 9. FIVE PITCHERS WERE USED BY THE TWO TEAMS IN AN EFFORT TO STOP THE HARD HITTING FIELDER ON THE TWO TEAMS, TWENTY ONE BLOWS BEING COLLECTED BY THEM.

With two down in the first frame of the contest, Freebig, shortstop for the visitors connected for a safe double and scored when Kauffman lined out a home run that knocked apples from the trees over the left field fence. Spectators declared this the longest hit on the Indees diamond this season. Two more runs were scored by the visitors in the third frame of the game on three safe hits and in the fifth inning a couple were pushed across the plate. These runs were made off Fleming, who gave way to French in the seventh inning. With two down in this inning, Granite City's third baseman, Musgrove, connected for a two bagger to right field, Heil walked, Mowery was hit filling the bases. With the bases choked French walked Holland forcing Musgrove across the pan and Womack connected safely scoring two more. This ended the visitors scoring. Boyd pitching the two remaining innings letting his opponents down with no hits. The locals big inning came in the third. They went on a batting rampage and when the smoke cleared away they had seven runs safely stowed away. In this inning the Indees gathered six of their ten hits. They scored one more in the fourth inning and two more in the sixth. ## SOX AND GIANTS WILL TOUR WORLD

CINCINNATI, O., July 21.—Permission to tour Europe was granted the New York Giants and Chicago White Sox today by Commissioner K. M. Landis. Manager John J. McGraw of the New York team announced here tonight. The trip abroad by the two teams had been technically agreed upon some time ago but consent of the baseball commissioner was held up pending a vote of members of both leagues. This vote Mr. McGraw said was unanimously in favor of the proposed tour.

## FINLAND DROPS TO FOURTH IN OLYMPICS

United States Made Clean Sweep of All the Major Branches of Sport in the Olympic Meet—France Goes to Second Place.

PARIS, July 21. (AP).—The United States by completing its tennis triumph today not only made a clean sweep of all of the major branches of the Olympic competition but rolled up a point total which clinches the all-around championship of the games. The completed tabulation tonight of points for the 16 events thus far completed shows that America is far in the lead with 95 points, double that of the nearest rival, France, which has 47 points and cannot overhaul the United States even if triumphant in the remaining four sports which are to be completed this week. France jumped to second place by scoring heavily in tennis, gymnastics, fencing and the modern pentathlon. Great Britain is now third with 28 points and Finland fourth with 24 points. The United States added ten points under the Olympic scoring system for tennis and two more for gymnastics, the tabulation tonight reveals. Championships have been carried off by the United States in eight fields of rivalry including track and field, rowing, swimming, tennis, boxing, catch-as-catch-can, wrestling, rugby and target shooting. Norway, with a victory in the winter sports and the hunting-shooting is the only other nation to take two Olympic crowns. The other six championships are distributed among France in fencing, Sweden with the modern pentathlon, Finland with the Greco-Roman wrestling, Argentina with polo, Uruguay with soccer.

Altogether 22 of the 45 competing nations gained places in the scoring column with the only remaining contests in yachting, weight lifting, cycling and the equestrian games. Behind the first four in the point column are the Scandinavian countries, Sweden and Norway, the former with 33 1-2 points and the latter with 21 1-4 points. Switzerland has 18, Italy 17 3-4, while Argentina ranks tenth with thirteen points, only 3-4 of a point behind Denmark. The United States added ten Uruguay with ten points is eleventh.

## Market Report

By The  
Associated  
Press

### GENERAL RAINFALL CAUSES WHEAT DROP

North and south of the Canadian  
boundary led to lower prices for  
wheat today and the market here  
closed at 1/2c net decline Sep-  
tember 1/2c to 1/2c and De-  
cember 1/2c to 1/2c.  
Corn finished 1 1/2 to 2 1/2 down.  
Oats 1 1/2 to 1 1/2 down and provisions  
showing a setback of 20c to 50c.  
It was generally assumed that  
the rains would prove beneficial  
to the wheat crop, although  
some advisers said no amount of  
moisture could greatly change the  
situation in the drought  
stricken area in Canada. Con-  
siderable selling appeared also to  
result from opinions in some  
quarters that a reaction from the  
big advance of late was to be ex-  
pected. There was also more or  
less selling which was attributed  
to hedgers. In this connection it  
was pointed out that the move-  
ment of wheat in the southwest  
was heavy receipts at Kansas City  
alone being 1,289 cars against  
589 a year ago.

Numerous rallies however were  
witnessed in the wheat market  
here a great deal of buying being  
based on the fact that values both  
at Winnipeg and Buenos Aires  
were at about 1/2c higher. Pre-  
mium of the season as compared  
with Chicago. Besides gossip  
was current that some export  
business in United States wheat  
had been done the shipments to  
be made by way of the Gulf of  
Mexico. On the other hand buy-  
ing of future deliveries here  
seemed to be confined largely to  
taking advantage of breaks in  
price.

High temperatures had a de-  
cided bearish effect on new crop  
months in the corn market.  
Nearby deliveries were meanwhile  
depressed by enlarged receipts.  
Oats trailed lower with corn  
and wheat.  
Provisions were buoyant hogs  
having touched the highest point  
today since October 1923.

### HAD ANNUAL PICNIC IN LOS ANGELES

Former Residents of City and County Met in Annual Reunion Recently at Los Angeles Park—Elected Officers for Coming Year.

Former residents of Jacksonville and Morgan county who are now living in Los Angeles had their annual picnic at West Lake Park on Saturday, July 12th.

Wood Terry as President made the arrangements and saw that every one had enough to eat. Mrs. Codington as Secretary had notified all of the date and place and was early on hand to direct all comers to a shady spot beneath the over hanging palms, where tables were provided. New comers were welcomed by the old timers who told stories of what a small place Los Angeles was when they first saw it and that beautiful West Lake park was an ugly ravine into which the neighbors threw their tin cans but such is the fertility of the California soil that the dust that settled on these tin cans only needed irrigation to cause it to produce the luxuriant vegetation which makes it now one of the beauty spots of the Southland.

Some sixty persons were present and a picture of the group

### ACCIDENTAL DEATH IS JURY'S VERDICT

Death of William H. Price, Colored, Who Met Injuries Sunday Afternoon Resulting in Death Was Found to Be Accidental by Coroner's Jury

A coroner's inquest conducted yesterday morning at the Gillham Funeral Home by Coroner C. A. Rose found that William H. Price, well known colored man of this city came to his death Sunday from accidental injuries sustained while driving a wagon for Benjamin Cohen, engaged in moving equipment of the Gold Medal Shows. The jurors were Charles L. Starns, for-man; Solomon Cowens, Marion Cohn, A. J. Jones, Addison Berry and J. L. Tayanman, clerk.

Price sustained injuries Sunday afternoon which resulted in his death when he was caught between a heavy carnival wagon and a metal pole near the curb on East State street. The accident occurred when the horses hitched to the wagon moved forward. Price was trying to get them headed in the right direction when he was caught and crushed. He did not fall immediately after being pinned between the wagon and the post, but walked a short distance. In a short time he crumpled up and was carried to the hospital by men who saw the accident, where examination showed that he had three separate injuries, any one of which might have caused death. His skull was fractured in the back, probably due to his falling backward and striking the pavement. His neck was also fractured and there were internal injuries.

The decedent was about sixty years of age. He had lived in Jacksonville for a number of years, making his home with Mrs. R. P. Lewis at 640 North West street. He is survived by one daughter, Lillian of this city and four sisters, Mrs. R. P. Lewis and Mrs. John Blue of this city and Mrs. B. J. Reeves of Springfield and Mrs. Frank Fox of Chicago.

Funeral services will be held Wednesday afternoon at 2:30 o'clock at the Gillham Funeral Home, Rev. W. H. Snowden officiating. Interment will be in Jacksonville cemetery.

### FATHER OF WHITE HALL MAN IS DEAD

E. A. Lewis Passed Away at Hazelton, Iowa—Other News From White Hall.

White Hall, July 21.—Advices received Saturday from Hazelton, Iowa, announced the death of E. A. Lewis, father of R. Lewis of White Hall. The latter and his wife went to Iowa about two weeks previous to the death. The burial will be at Hazelton, where the senior Lewis had long been a resident.

The Gold Medal Shows left Sunday for Jacksonville after exhibiting on the streets here for a week in original street fair fashion under the auspices of the American Legion post. The shows did a large business nightly until the rain of Saturday evening causing the close to be attended with a large diminution of business. The Legion post made about \$750 in commissions, out of which they pay the C. I. P. S. the sum of \$125 for electric power, being a concession to the Legion post on part of the city council, which is highly appreciated, because of the larger amount that it was anticipated would have to be paid. This will leave about \$550 clear. Statement that the Legion post is establishing a building fund is refuted by Lynn C. Smith, commander of the post, who states that the only interest the post has shown in a building proposition is in the proposed hospital, in which he feels the members would participate generously when the proposition is fully set forth by the committee in charge. The Gold Medal shows will return next year at the solicitation of the Legion post. The shows reflect the higher order of the carnival business. Commander Smith desires the thanks of the post to be here extended to the city council and the electric company. By Sunday noon there was not a vestige of carnival debris discernible.

A son, second child, was born to Mr. and Mrs. John Thomas in Walton hospital Saturday. The father is an advanced horticulturist, the family residing in the apple district northwest of White Hall.

The annual fish fry of the Baptist church at Barrow is set for Wednesday afternoon and evening, and the people of White Hall are organizing to go there in large numbers. An orchestra will furnish music, and in the evening there will probably be the added attraction of a band concert.

### CITY COUNCIL LETS CONTRACT FOR TANK

Chicago Bridge & Iron Co. to Erect 500,000 Gallon Elevated Tank South of West Side Reservoir—Other Contracts to Local Firms

The city council last night let the contract to the Chicago Bridge & Iron Co., for the erection of a 500,000 gallon elevated tank. The bid of this company thru its representative, E. E. Alt, was \$20,575. The contract for excavating and foundation work was let to S. G. Chumley on a bid of \$500 and for the laying of a stretch of water main to Sheehan & McNamara for \$283.

The tank is a part of the program of water system improvement made possible by the authorization of bonds at an election held a few weeks since. The tank, which will have an elliptical bottom and be elevated on a 60 foot tower, will be placed immediately south of the west side reservoir on a plot of land purchased from Dr. H. A. Chapin.

When the council was called to order by Mayor Crabtree, City Clerk Scott and Aldermen McGinnis, Blesse, Chumley, Fraibank, Chapin, Cobb, Sorrells and Rowe answered roll call.

Alderman Chumley reported that residents of Chambers street will by agreement build a side walk along the south side of that street between Goltra avenue and Hardin avenue. The ordinance for the North Main street pavement from the Wabash railroad to Walnut street was adopted.

The bids for the tank were in three divisions: (a) provides for the tank alone; (b) for the excavations and foundations, reinforced with concrete; (c) for the laying of cast iron pipe from the tank to the reservoir and for the construction of man holes.

As indicated, the bid of S. G. Chumley for the excavating and foundation, \$3,500 has accepted as was that of Sheehan & McNamara for \$283 for the laying of the cast iron pipe.

The bidders in addition to the Chicago Bridge & Iron Co., for the tank itself were the Wicks Engine Construction Co., and the Pittsburgh-Detroit Steel Co.

The bids after being opened were referred to the water committee and report was made thru Alderman Chapin advising that the bids be let in accordance with the facts already recorded. There was some discussion with reference to changes to be made for tapping the new 16 inch water main.

Ordinances were read for a water main and sewer on East Chambers street, water main on Clay avenue and a water main on Lockenhull and Cox streets and Ashland avenue.

Edward Loneragan, officer in the health department, made a report of a nuisance maintained by Benjamin Sallee at 1314 Tondick street, who is said to be feeding hogs there contrary to provisions of the ordinance.

The council appointed Herbert J. Capps as special policeman to serve without pay. Mr. Capps is to assist in the enforcement of the traffic ordinance. The council then adjourned.

### MRS. ANNA BRIDGMAN'S WILL IS FILED FOR RECORD

The will of the late Mrs. Anna Bridgman was filed for probate yesterday in the office of County Clerk George L. Riggs. The instrument was witnessed by B. N. Smith and P. R. Briggs.

All personal property is left to the husband, Henry A. Bridgman and all real estate to him, for his natural life. The property is then to be shared equally by the daughter, Mrs. Cora E. Houston and son, Henry D. Bridgman. W. J. Houston, son-in-law is appointed executor of the will.

### TOURISTS FROM WEST VISIT LOCAL RESIDENTS

Mr. and Mrs. W. E. Daimwood of San Bernardino, California, arrived last night for a visit of several days at the home of Mr. and Mrs. John Kearns. They have been making an extended tour of the south and east starting at New Orleans. They visited their old home at Columbus, Tenn., then travelled east, stopping at Washington, Niagara Falls, New York City, etc. Mrs. Daimwood is a sister of Mrs. Kearns.

### SUFFERS FROM INJURY

"Bud" Bennett is carrying his arm in a sling as the result of an injury Saturday, when he ran a small piece of wire into his hand while at work. He paid no attention to the injury until Sunday, when it gave him so much trouble that he consulted a physician, and it is now hoped there will be no serious consequences.

The young man has had this particular arm broken three times and has twice suffered from infection in the same member.

**FORMER RESIDENT HERE**  
Mr. and Mrs. W. D. Sovereigns of Seattle, Wash., who have been attending a convention at Montreal, are making a brief visit at the home of Thomas Houston. Mrs. Sovereigns was formerly Miss Frances Martin of this city and this is her first visit here for sixteen years.

**HERE FROM CHARLESTON**  
Miss Gladys McWilliams has arrived here from Charleston, Ill., for a visit of several days as the guest of Mississippi.

W. F. Roegge of Mercedosa was among the callers in the city yesterday.
